They Are Always Kissing

They are always kissing, they can't control themselves.

God ripened me. So I see it is true: all objects in existence are wildly in love.

~ Meister Eckhart

You can spot them anywhere. People in love, especially new lovers. They can't keep their hands off each other! They take delight in just looking at each other, in being in one another's presence. Every glance is heavy with desire and affirmation. *They are always kissing, they can't control themselves...*

What if that's how it is with God...what if the Divine were so irresistible we couldn't control ourselves...what if we couldn't get enough of God...what if we didn't care what anyone thought...what if we were shamelessly in love with God?

Relax that tight place in that rational mind of yours that says it couldn't possibly be true, and let God ripen you to the possibility. Imagine what it would mean...

Prayer: Loving God, give me eyes to see that everything around me, everything in existence, is wildly in love. In love with you. And when you turn your gaze of love toward me, help me not to turn away. Amen.
